

## Focus for the next 5 years:

The envisioned 5 years “**The Years of Progress and Prosperity**” (2024-2028) strategy plan will move towards the future making the best use of the learning from the past **THREE DECADES**, with the focus on documentation of the learning from the programs. The documentation would include information gathering, synthesizing the findings, documenting, and sharing the information.

Alongside the documentation process, projects would be identified and implemented based on the emerging needs of the communities, the organization’s capacity, experiences from managing disasters and epidemics, inputs from stakeholders and well-wishers, and adopting to the national scenario.

## The Focus:

- Continue with community empowerment and transformation.
- Create community ownership and access to local resources.
- Develop and strengthen local institutions to undertake wholistic community development initiatives.
- Partnership with local NGO/CBOs, and Churches for sustainable development.
- Continue to promote social enterprises.
- Producing and sharing best wholistic community development practices.
- Continue to explore opportunities for new partnerships national and international.

“Empowering Communities,  
Transforming Lives”

## BACKGROUND

Share and Care Nepal (SCN) is a national Non-Government Organization (NGO) founded in 1994, with the inspiration of the Bible verse “Love your neighbour as you love yourself” and starting a movement of “prevention is better than cure”. Its aim is to achieving Sustainable Development by Community Empowerment through enhanced livelihood of vulnerable communities. “*Empowering Communities and Transforming Lives*” is the main theme of the organization.

SCN from its beginning has used 5 years benchmarking strategic years approach as the basis for its planning: 1st five years - **The Beginning of the Movement (1994-1998)**, 2nd five years - The Years of Growth & Expansion (1999-2003), 3rd five years - The Years of Enrichment (2004-2008), 4th five years - **The Years of Attainment of Dreams (2009-2013)**, the 5th five years plan - **The Years of Hope and Joy (2014-2018)**, and the 6th five years plan – **The years of Opportunities and Hope (2019-2023)**. The present 5 years i.e. 2024 to 2028 has been set as **The Years of Progress and Prosperity** with:
